

Improve the quality of your service with **ONLINE** professional development

training@owfc.com.au

One World for Children is a Registered Training Organisation (RTO) which delivers nationally recognised qualifications from Certificate III to Advanced Diploma level in both children's services and out of school hours care. We train extensively throughout Victoria, specialising in workplace training and assessment and offer online training, nationally.

One World for Children is an *industry-based* Registered Training Organisation (RTO) specialising in the delivery of competency based training programs to the children's services industry since 1998.

We have developed a range of professional development training sessions for the childcare sector using a new and innovative approach, which will enable all services, regardless of geographic location, access to quality professional in-servicing that is appropriate to their needs.

Our workshops focus on assisting child care service providers to achieve and maintain quality assurance standards, and is an effective tool for fostering industry networking.

To benefit from this new and innovative approach to ongoing professional development, all **you** need is a computer with speakers, internet access and a microphone.

What **we** provide is a platform that uses the latest VoIP programming combined with electronic white board, chat areas and a number of different communication tools, making online learning visually stimulating, interactive and fun!

“I was impressed, very impressed. Also excited. I kept thinking who I would like to tell about it and how may I use it in my own centre. This is going to be an invaluable tool. It will make training, up skilling and interaction readily accessible to all. Congratulations One World for taking this step...”

If you've never heard of VoIP, get ready to change the way you think about communication. VoIP, or Voice over Internet Protocol, is a method for taking analog audio signals, like the kind you hear when you talk on the phone, and turning them into digital data that can be transmitted over the internet, turning a standard internet connection into a great learning and communication tool!

Imagine all of your staff participating in workshops without leaving the workplace. What a positive impact this could have on the quality of your service and all for the fraction of the cost!

Our virtual classroom enables 22 participants to partake in relevant, current workshop sessions whilst actively engaging and interacting with a professional qualified trainer, and networking with each other.

Features of this innovative virtual classroom include an interactive white board, powerpoint presentations, video clips, slide shows, web tours and two-way voice.

The appeal of face to face interaction is now captured in our virtual classroom, however the associated costs have been substantially lowered.

Each session is available on various days with varying times on an ongoing basis, putting you in the position to allow everyone of your staff the opportunity to participate in a session that addresses an identified need within your service.

No travel time means staff replacement cost is minimised and you have the added benefit of staff being available in the workplace should the need arise.

MANAGING CHALLENGING BEHAVIOURS

Highlights from our online calendar...

Care for Babies

Discover the importance of developing and maintaining nurturing relationships with babies/infants. Learn to listen to babies/infants cues and needs. Babies grow and learn faster than they will at any other stage of life, so what they do will be continually changing. Learn to listen and observe babies to truly give babies the opportunities to learn and do.

Join us to unravel the wonders of babies/infants, and discover how you too can provide appropriate, stimulating learning environments for babies/infants.

Ideal for: all child care workers

Exploring Outdoor Play

This online workshop aims to highlight the intrinsic value of outdoor play whilst exploring a range of stimulating discussion topics. So if you're looking for some new ideas, and/or some help with a specific problem you're experiencing relating to the great outdoors, then get ready to 'get down and get dirty'!

Come and join us explore the outdoor environment.

Ideal for: all child care workers

Understanding Infants Learning

The period from birth to one year is a time when infants learn a great deal. Infants develop through the exploration of their senses of touch, smell, taste, sight and hearing to make sense of the world.

Re-discover the wonders of planning for infants; remembering that babies learn best by being given physical and emotional attention by carers to meet their individual needs.

Learn how to be imaginative in infant planning.

Ideal for: qualified child care workers

Essence of Leadership

Great leaders are captives. They are captivated by a clear sense of purpose and they rally others around that purpose. Great leaders also have vision. Vision involves having a clear picture of a meaningful future that you are committed to and passionate about creating.

If you are looking to enhance your leadership skills, and to improve workplace effectiveness, then join us as we take you on a unique journey where you will make new discoveries about yourself and your work team, along the way.

Ideal for: qualified child care workers
